

### Residents parking on the Western curve:

This residents parking will remain active and the access will be via the western side of the crescent- the council will be removing the bollards at the Marlborough Buildings. (see map below). We will have friendly members of our security team ensuring residents have access. We are very keen to prioritise parking on the western crescent for elderly, disabled visitors and would like to direct more able residents who would usually park on crescent to the alternative parking we are providing close by (see below). We aim to meet resident's needs as best we can during our visit.

### Alternative Residents Parking:

To be able to facilitate our filming we have suspended parking bays on the East Curve and outside The Royal Crescent Museum, this is to ensure we have no modern vehicles in the back of shot. **We will be providing alternative paid for parking at Charlotte Street Car Park Charlotte St, Bath BA1 2NE for any displaced residents.** We appreciate parking is limited for Residents and would like to identify any individual requirements. Please contact either myself or our Assistant Location Manager Adriene Whitwell on the addresses below to let us know the following vehicle information:

Make  
Model  
Registration  
Colour  
Which dates you require parking for

We will then personally issue a notice to place on your dashboard to display whilst parking in Charlotte Street car park, and personally book your parking through the MiPermit app. We will issue you a receipt to show the duration that parking has been paid for.

Both Adriene and myself will be the point of contact between now and the end of our filming in Bath on 2<sup>nd</sup> September. Please feel free to contact us. We appreciate being able to film at such iconic locations and could not do so without the cooperation and support of the residents and businesses.

Many thanks for your continued support,  
Yours faithfully,

**Jade Robertson**
